Gastro Cube chunk (8mm)

Gastro Cube is a carefully formulated full strength feed for horses and ponies with a sensitive stomach and is to support healthy digestion.

- **Rich in high-quality fibres**
- Suitable for horses with a **sensitive stomach**
- Supports **healthy digestion** by promoting salivation and reducing the negative effects of (too much) gastric acid
- The combination of **yeast, sodium bicarbonate, magnesium and calcareous seaweed** further contributes to optimal digestion
- Contains **linseed** that contributes to a beautiful hair coat and a good balance between **omega-3 and omega-6 fatty acids**
- Made from **gluten-free** raw materials
- **Low sugar and starch content**
- Gastro Cube is a full concentrate feed

HOW TO USE:

To be used in a quantity of 0.5 to 1 kg per 100 kg live weight and per day.

To be adjusted depending on the breed, exercise intensity and quality of roughage.

Always supplement the concentrated feed with high-quality roughage without restriction. The horse must always have access to fresh water.

Always store the feed in a cool, dry and dark place.
