

## DISOR GEL

Perfuming gel

- Particularly useful during hot seasons and springtime.
- Conceived to obtain a longer-lasting effect than liquid products' one: its gel texture, in fact, creates a sort of film on the horse's coat, thus increasing the perfume's persistence.

### DESCRIPTION

Disor Gel is a scented gel based on lemongrass essential oil. It has been especially conceived to obtain a longer-lasting effect than liquid products' one: its gel texture, in fact, creates a sort of film on the horse's coat, thus increasing the perfume's persistence. The essential oil contained in Disor Gel is well-known and is used in human cosmetics as a natural fragrance during summer.

### COMPOSITION

**Components:** Acqua demineralizzata-osmotizzata; Olio essenziale di citronella (*Cymbopogon Nardus*); PEG-40 Hydrogenated Castor Oil; Olio essenziale di Tea Tree (*Melaleuca Alternifolia*); Tea Tree essential oil (*Melaleuca Alternifolia*).

### INSTRUCTIONS FOR USE

Spread a thin layer of Disor Gel on the horse's coat, tail, neck, withers, back, flanks and belly. Disor Gel can be used on the horse's face, but direct contact with eyes and oral mucosas must be avoided. Do not use on horses' genital and anal areas, especially in females. Wash your hands carefully after applying the gel.

### SIZE

- 500 g (jar)
