

OLIO DA CUIOIO

Leather oil

- The perfect product to nourish leather horse tacks and make them shiny.
- With coconut oil and soy oil.

DESCRIPTION

Olio da cuoio is composed of a blend of vegetable oils that can nourish leather horse tacks, make them shiny and ensure their excellent permeability. Therefore, Olio da cuoio is a true "anti-age" treatment for leather horse tacks: it makes them shinier and more resistant to water, dust and synthetic soaps.

COMPOSITION

Components: Unrefined, non-lecithinated soy oil; Sunflower oil; Refined coconut oil; BHT (butylated hydroxytoluene); BHA (butylated hydroxyanisole).

INSTRUCTIONS FOR USE

Pour Olio da cuoio on a cloth and rub it on clean, dry leather. Olio da cuoio can be diluted 50:50 with Sapone da cuoio to clean and add shine to leather horse tacks at the same time.
